

Product: RAPTOR-GAMING M2 PLATINUM

Highly popular and repeatedly awarded by the press, the RAPTOR-GAMING M2 now is available as RAPTOR-GAMING M2 PLATINUM with even more features.

The resolution of the optical mouse can be adjusted in increments from 400 to 2400 dpi by the press of a button, with even the fastest moves in games being transferred without delay with an acceleration of 20 g. To enable a perfect adjustment to the individual needs of the player, the weight of the RAPTOR-GAMING M2 PLATINUM can be changed from 110 to 115, 120, 125 or 130 grams. And there is even more:

Combined with the ergonomic right-hand design, the innovative finger wing on the right side of the mouse and a special soft-touch surface keep the fingers from slipping off the mouse. The elegant silk-black and silver mouse also includes two additional sets of mouse gliders and a flexible cable with a length of 2.5 m. The included practical RAPTOR-GAMING MOUSE-BAG enables you to safely transport the mouse to the next LAN party.
