Product

Power-Tuning for your Gamer-Mouse

With the RAPTOR-GAMING P5 you will tune your Mouse and put the turbo gear into work. Without fluffing, dirtyness or fray out on the surface. This specially developed mousepad for the Pro-Gamer delivers speed pure. For fast reactions, short moves and a very precise targeting accuracy. This safes you energy for the next „Death-Match“ and relieves your wrists.

The perfect fit to the needs of Pro-Gamer. The structured surface-coat delivers optimized sliding characteristics for all types of current mice. The friction-resistance is minimized and the big, ergonomically formed surface rest and the first class sliding characteristics delivers highest precision and pixel-precise movements. The non-sliding underside brings safe stability and the pad is robust and scratch resistant.
